Welcome to the world of astrophysics, Indiana Jones style!

Chicago Premiere! One Week Only!

## **BLAST!**

Fri., Sept. 25 at 7 & 9 pm

Sat.-Sun., Sept. 26-27 at 1, 3, 5, 7 & 9 pm

Mon.-Thurs., Sept. 28-Thurs., Oct. 1 at 7 & 9 pm

Five time Emmy winner Paul Devlin (*SlamNation*, *Power Trip*) follows the story of his brother, Mark Devlin PhD, as he leads a tenacious team of scientists hoping to figure out how all the galaxies formed by launching a revolutionary new telescope under a NASA high-altitude balloon. Their adventure takes them from Arctic Sweden to Inuit polar bear country in Canada, where catastrophic failure forces the team to try all over again on the desolate ice in Antarctica. No less than the understanding of the evolution and origins of our Universe is at stake on this exciting escapade that seeks to answer humankind's most basic question, How did we get here? **BLAST!** is about the crazy life of scientists, their professional obsessions, personal and family sacrifices, as well as their philosophical and religious investigations, which produces an emotional resonance to a spectacular and suspenseful story of space exploration.

Directed by Paul Devlin, U.S.A., 2008, 78 mins.

**CINECHAT** Filmmaker Paul Devlin will be here for a Q&A for selected screenings. Details will be available at a later date.
